

TO: Riverside County Paramedic Receiving Centers, and Riverside County Coroner's Office

FROM: Scott Moffatt, EMS Specialist

DATE: June 15, 2011

SUBJECT: Hospital ePCR Access Training

We will be conducting ePCR access training at the City of Corona's computer lab during July. A representative from each paramedic receiving center must attend one of these sessions:

- Session 1 - July 11, 2011, from 0900-1200
- Session 2 - July 11, 2011, from 1300-1600
- Session 3 - July 12, 2011, from 0900-1200
- Session 4 - July 12, 2011, from 1300-1600

Each session will cover the following agenda:

- 1) Overview of AMR's Multi-EMS Data System (MEDS®) (5 min)
- 2) Review purpose/functionality of PCR Viewer (5-7 minutes)
 - a. Internet access / IT implications
 - b. When/why to use tool
 - c. Receiving facility dependent
- 3) Overhead Review of MEDS® PCR Viewer (20-25 minutes)
 - a. Internet link
 - b. How to log-in
 - c. Review of drop down fields
 - d. Sample searches
 - i. Various search methods – broad vs. narrow
 - e. How to "view" PCR
 - f. PCR types
- 4) Complete MEDS® Security Registration Forms (5-15 minutes)
- 5) Questions / Discussion (5-15 minutes)
- 6) Break (15 minutes)
- 7) Overview of Sansio's HealthEMS® and XchangER® (5 minutes)
- 8) XchangER® Training (40 minutes)
- 9) XchangER® Implementation (5 minutes)
- 10) Questions / Discussion (10 minutes)

Please contact Scott Moffatt at smoffatt@rivcocha.org, or (951) 358-5209, to reserve your place at one of the training sessions.
