## EMS SYSTEM ADVISORY #2015-07/13

**TO:** Riverside County EMS System

**FROM:** Daved van Stralen, Medical Director *Dave van Stralen*  
Bruce Barton, EMS Agency Director *BB*

**SUBJECT:** Tranexamic Acid (TXA) Trial Study – Education review

**DATE:** July 13, 2015

---

As part of the regional TXA trial study with ICEMA, education updates are provided as a result of the CQI process of TXA patients. ICEMA has sent out education to the providers and REMSA will be releasing TXA policy update as part of the continuing education for the trial study. This education includes review of the inclusion criteria and a general overview of REMSA policy 5801. Upon release, the participating agencies will be given 6 weeks to educate all of your active duty ALS personnel. When this education has been completed, please provide a letter to REMSA stating your completion.

Please contact the trauma coordinator at REMSA, Shanna Kissel [Shkissel@rivcocha.org](mailto:Shkissel@rivcocha.org), if you have any questions.
