SUBJECT: Clarification Policy #3308 Removed

DATE: July 2, 2025

Please see the following clarification regarding the removal of REMSA Policy #3308, effective July 1, 2025

Any incident that undergoes the Emergency Medical Dispatch (EMD) process and is identified as requiring a BLS determinant code, remains eligible for transport by a BLS resource, provided no ALS level interventions have been performed. Consistent with existing practice, if ALS care is initiated, the patient must be transported by an equivalent ALS level service.
